

Emerging Exporters Program

Connecting Agricultural Businesses to Global Markets

Emerging Exporters Program - Information Sessions

Are you an Agricultural business based in the Western Downs and interested in export?

QGC is partnering with Food Leaders Australia, an initiative of local economic development organization Toowoomba Surat Basin Enterprise, to support the development of agricultural businesses to grow and explore global export markets through the Emerging Exporters Program.

This support will be delivered through a series of export workshops tailored to emerging agricultural exporters.

Places in the program will be limited. A series of information sessions are being held on the Emerging Exporters Program prior to the program being opened for Expressions of Interest.

We invite you to join us for these Free Information Sessions to be held in:
