## VISITOR INDUCTION & HEALTH DECLARATION

***It is a requirement of entry that before you enter the Site / Plant and or Operational areas you MUST read and acknowledge the following procedures. These procedures are designed to protect your health and safety and the food safety of our customers. If there are any issues that you do not understand, please ask to have any points clarified.***

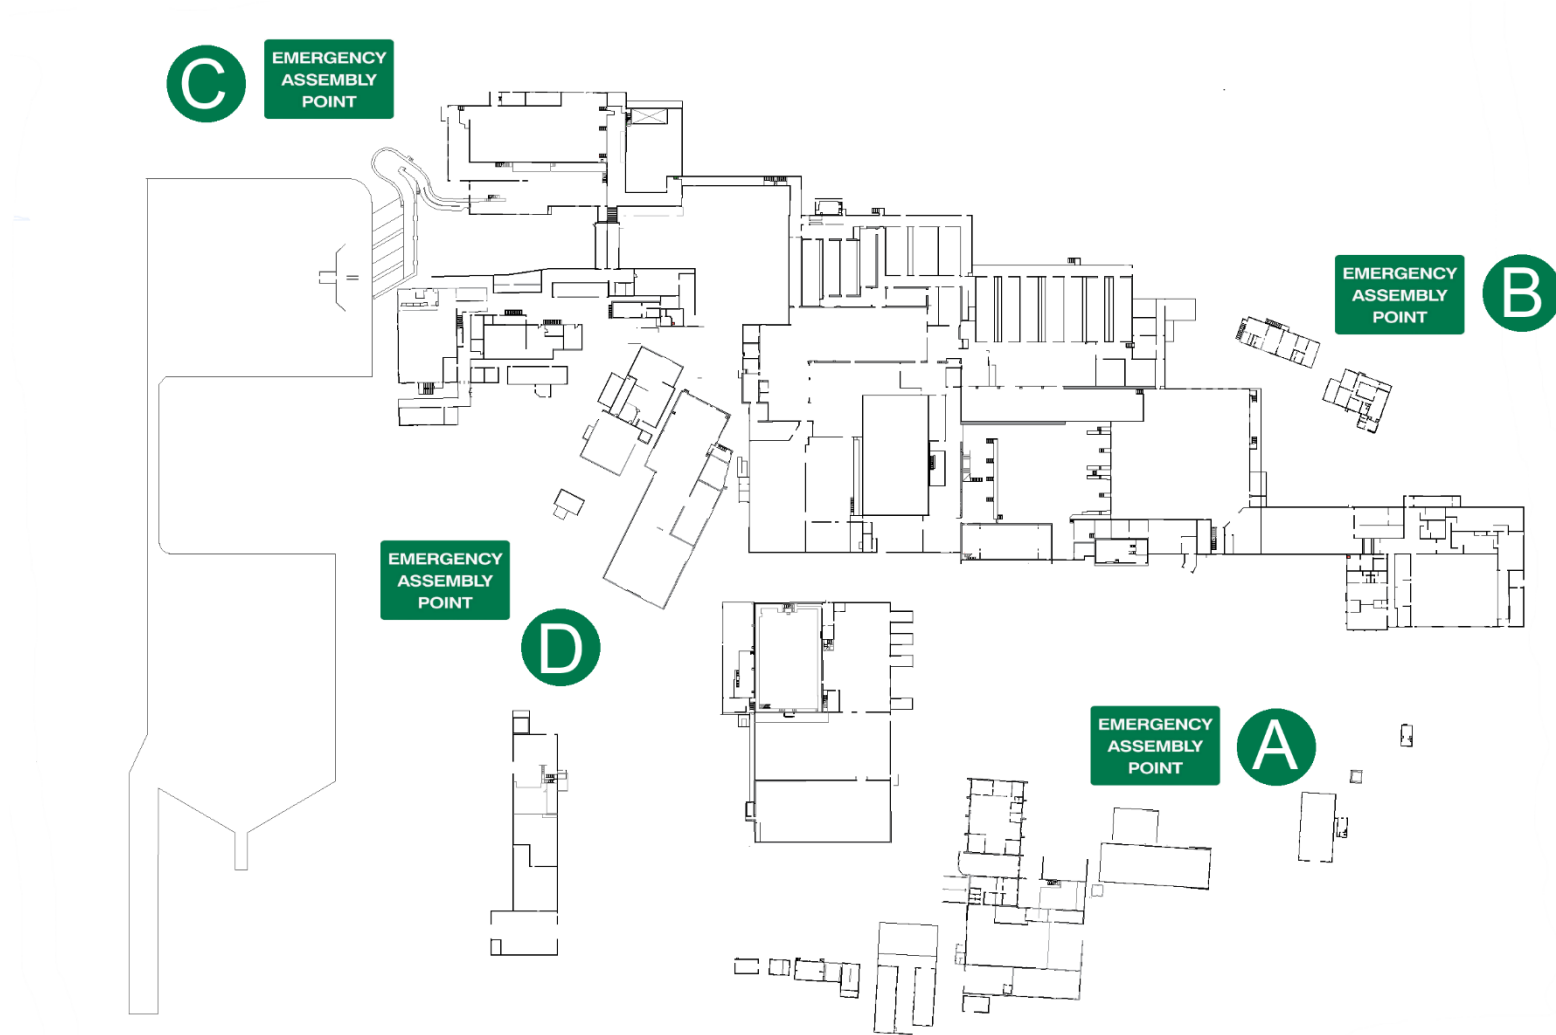

- You MUST follow the Company Staff member's instructions at all times.
- You MUST not be affected by alcohol or any non prescribed illegal drug.
- You MUST not bring prohibited items or cameras on Site/Plant.
- You MUST not wear jewellery in production areas i.e.: watches, earrings, rings, studs etc
- You MUST conduct yourself in a proper manner, no skylarking, fighting etc.
- You MUST wear appropriate personal protective equipment (PPE) as provided by the company staff member.
- Consumption of food and drink is restricted to the canteen/dining room, main office area or specific areas.
- If driving onto the Site/Plant, GIVE WAY to pedestrians and forklifts, OBSERVE the signed speed limit.
- Security MAY inspect your vehicle or bags on departure.
- You MUST not remove any company property from the Site/Plant.
- You MUST wash your hands, boots and wear appropriate clothing, hair covering when entering production areas.
- You MUST only smoke in designated smoking areas.
- All visitors to site must obey the traffic management plan and walk on the designated walkways as identified on the site plan.

## BIOLOGICAL /ENVIRONMENTAL/CHEMICAL HAZARDS EXIST ON THIS SITE

- Should an emergency such as a chemical leak (ammonia)/spill or fire arise, a warning alarm will sound, at which time you must prepare to evacuate.
- If emergency evacuation is necessary, the warning tone will change, and You MUST accompany the Group Leader/Company Staff member to an identified assembly area of the plant.
- You MUST remain at the assembly area until the area safety warden gives the all clear.
- It may be necessary in the event of an ammonia leak to attend a lock down muster area, in the event an evacuation is not possible. Please follow the instructions and guidance of your Group Leader/Company Representative.
- If in the event a bleach like smell in the air is detected your Group Leader/ Company Representative MUST be notified immediately for the appropriate action to be taken.
